

LET CLEARFIELD SET THE PACE BY LIFTING HERSELF OUT OF THE "SLACKER TOWN" CLASS ON THE FOURTH LIBERTY LOAN.

GERMAN FLANDERS FRONT COLLAPSED COMPLETELY

BRITISH NAVAL FORCES NOW OCCUPY OSTENDE GREAT GERMAN NAVAL BASE

COURTRAI AND THIELT FALL BEFORE ONSLAUGHTS OF BRAVE BELGIANS FIGHTING FOR THEIR OWN LAND

LILLE AMONG TOWNS EVACUATED

The German front in Flanders has collapsed. Ostende, Lille, Courtrai, and Thielt have been occupied and a complete withdrawal is reported to have been effected in Belgium.

The British naval forces landed in Ostende, the former German naval base, at 12:45 this afternoon after aviators had reported the city clear of the enemy.

British troops previously had taken Lille and Courtrai while the Belgian cavalry was reported to have entered Thielt.

The Berlin war office this afternoon admitted a big "withdrawal" in Belgium.

Germany's second defense line in Belgium has been completely smashed and the breach has been widened, according to battle front dispatches received in Paris at 12:56 p. m.

Lille has been taken by the British, battle front dispatches filed today stated. A greater part of it has been occupied by Haig's troops.

The advance today makes a total advance of nine miles into the German line. While the Allied forces were winning on the western front and in the Balkans President took occasion today to warn that Germany was only bent, not broken. A strong appeal for subscriptions to the fourth Liberty Loan was made by Secretary of State Lansing who declared that this is no time to slow up. With further pressure he said Germany will go to the wall.

American troops are playing a large part in the great offensive. Not only are they cooperating with the British and French in the north and with the British in the new offensive on a ten mile front between La Catelet and Bohain, launched today by General Haig, but they are forcing the enemy rapidly out of the Kriemhilde defense line.

Other dispatches from Fred Ferguson said that they had made gains north of Grand Pre, clearing the enemy from Loges and other important positions. The breakthrough in Belgium was probably in the region of Thielt where the Belgian cavalry penetrated early today.

Reports this afternoon indicated the most spectacular retreat of any yet made by the enemy on the western front. An advance of 9 miles in that vicinity would carry the Belgians to within six miles of Ghent. If on the other hand the advance is made on the north the Allies would

THE Y. M. C. A. DIRECTORS EMPLOY NEW SECRETARY

The directors of the Y. M. C. A. have employed Charles E. Graffius to fill the position of secretary and physical director of the association.

Mr. Graffius is a graduate of the Y. M. C. A. training school at Silver Bay, N. Y., and has had twelve years experience in army and city Y. M. C. A. work. He has returned from Fort Oglethorpe, Ga., where he was a member of the second officers' training school and was given an officers' commission as a first lieutenant but was rejected in the final physical examination by the army doctors on account of weak eyes contracted in the line of duty during his service in the regular United States army while serving four years in the Philippine Islands and Alaska.

For the past year Mr. Graffius has filled the position of physical director at Camp Greenleaf, Ga., in the army Y. M. C. A. work. As soon as the city Y. M. C. A. is opened up for activities he will start the gymnasium classes and give the boys and men of Clearfield the benefit of his seven years' training in the U. S. A. The gymnasium class schedule will appear in the paper.

TODAY'S EVENTS

"B'nai B'rith Day" will be celebrated today by the lodges of the Independent Order B'nai B'rith, all over the world in commemoration of the 75th anniversary of the organization of the order.

Unless the influenza epidemic causes a postponement a sectional conference on the problems of tuberculosis will be held in Pittsburgh today under the auspices of the National Tuberculosis Association.

STRAIGHT TALK

At first thought the caption over this editorial was to be "Slacker Towns," and while this is exactly the correct term to apply, the fact that this publication goes into so many outside towns has had its influence on the change of title.

Clearfield and a majority of the towns and centers of population of Clearfield County have failed to make their Fourth Liberty Loan Quota and have very little time to remove the stigma from their name. The situation calls for "straight talk" and we do not intend to apologize to anyone for calling these towns "slacker towns".

If your town is among those listed, be thoroughly ashamed of yourself. You know that you have not done your full part. Yes, perhaps you have gone the limit yourself, but what have you done towards seeing that the other fellow has done his part? You must shoulder your share of the blame. It is not the fault of your mayor, your burgess and it cannot be blamed on the electric light company, the water company or any other agency which usually acts as the buffer on all civic ills and complaints.

Yes, be ashamed of yourself, not with the shame that prompts you to go into hiding, but rather with the shame that stirs you to activity and prompts you in your remorse to acknowledge your failure and set about to make restitution for your shortcoming in pushing the campaign.

One day remains to put your town "over the top". You must put some "paign" into your campaign. Work day and night. There are more men in your community who can join the Go-The-Limit Club. And there are many men and women in your community who have not bought bonds at all. Search them out as you would any slacker of public duty.

A number of your men with General Pershing, on being advised that the Fourth Liberty

THE UNSPEAKABLE THING—THE HUN

We all agree with President Wilson that there must be no trucking with that Unspeakable Thing—the Hun, but what about the slacker—that Unspeakable Thing right here at our door. The Hun is the result of two generations of autocracy, but the slacker who is here with us enjoying all the comforts of a free Government is infinitely worse, and by "slacker" is meant the person who is able to buy and won't. Wages were never better and men were never more generally employed and if the Fourth Liberty Loan in Clearfield District is not to go down in history as a complete failure, these slackers must be rounded up. Every man who can buy a bond must regard it as a patriotic duty to do so, and when he buys a bond he should wear his button—one goes with the other. It is the business of every bond buyer to wear his button and to see why his neighbor is not wearing his button. There should be no trucking with our people who call themselves Americans, but yet are unwilling to stand behind their Government at this time. They are almost as dangerous as the Hun and should be brought to an accounting.

Buy your bond and wear your button and see that your neighbor bears his share of the burden. We have two days yet in which to secure the honor of our District.

STRAIGHT TALK

(Continued From Page One)

Loan was going slowly over here, sent back the word: "If the home folks won't take all the loan we will make up the balance."

Think of it. These boys, your boys, already giving up their lives and suffering wounds and hellish gases, willing to loan part of their meagre pay to their government while you are gloating over your exemption from military service.

Will you permit such a disgraceful thing as this to happen? If so, where in God's name is your sense of pride and justice?

We are not going to say that we believe you are going to raise your quota. This is no time for honeyed words. Acts, not words, count. We shall see when the Fourth Liberty Loan books are balanced who are then the "slacker towns," and whoever they may be, their names are going to be placed right here on this spot in The Progress.

FARM BUREAU IN PORK RAISING CAMPAIGN

Farmers Recognize That Pigs Are Easily Cared For And Will Add Much To Food Supply

KEARNEY ISSUES A BULLETIN

War conditions have created an enormous demand for meat. In order to meet this demand the farm bureau has included some definite work in economical pork production on its program for 1918. The U. S. department of agriculture has asked Pennsylvania for a 5 per cent. increase in pork production for the coming year. Clearfield county's quota of this increase is 1,000 hogs or an increase of 150 brood sows. A careful study of Clearfield county's agriculture has shown an increase in pork production during the past year. Demonstrations arranged in cooperation with a number of our hog raisers has shown that at least one-half of the grain bill can be saved by providing green feed throughout the growing season. Feeding experiments at the Pennsylvania State College have shown conclusively the advisability of using green forage. By the use of forage crops the State College experiments record a saving of \$3.50 to \$4.50 in the grain feed cost of producing 100 lbs. of pork. The demand for meat is urgent, and since it has been demonstrated that pork can be produced with a profit the farm bureau asks further cooperation of Clearfield county farmers in an economical pork production campaign for the coming year.

Why an Increase is Asked

There has been a big demand for shipment broad in addition to the needs of the population at home. The U. S. food administration has furnished figures showing that the shipments of meat and fats to allied destinations were for the fiscal year 1918-17 \$2,166,500,000 lbs., and for the fiscal year 1917-18 \$3,011,100,000 lbs. This is an increase of 844,600,000 lbs. in one year. With greater shipping facilities in sight allied shipments should continue to increase for the coming year.

Pig an Efficient Meat Making Machine

The pig will convert raw food products of pasture, grain, dairy by-products and slops into meat at a lower figure than any other meat making animal. The pig consumes more feed in proportion to its live weight, uses less feed in producing a pound of meat and yields a larger percentage of dressed carcass to live weight than either sheep or cattle.

Keep an Extra Brood Sow

Farmers that have been keeping one or more brood sows can well afford to increase this number at least one brood sow for the year 1918-19. Extra brood sows can be selected from late fall pigs of last year or from an early spring litter of the season. Only sows of desirable type should be kept. Straight, squarely placed legs, a strong bone, a well arched back, a long deep side, a full deep ham. These are the main points to be considered in selecting a sow for breeding purposes. A sow of this description will usually produce a good litter if mated to a purebred boar that is at least as good or superior to the females in the points enumerated. A marked improvement in the type of pigs will be in evidence if careful selection and mating is practiced.

VENERABLE ASSESSOR MAKES FIRST RETURN

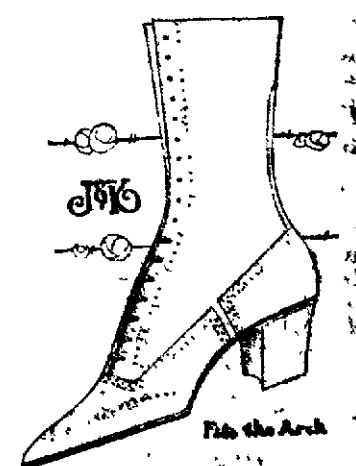

G. W. Gallaher, assessor and tax collector of New Washington borough, made his return to the commissioners' office today and met many county seat friends in town. Mr. Gallaher is one of the best known men in his section of the county despite the fact that he has passed the 87th milestone on life's journey as is hale and hearty as many men twenty years his junior. He was the first assessor to make his returns this year and his records were found to be A No. 1 in every respect.

Agricultural expert representing all parts of the United States and several of the Provinces of Canada are expected at Lancaster City today for the opening of the nineteenth annual meeting of the International Farm Congress.

Stockholders of the Northern Pacific Railroad Company at their annual meeting to be held in New York City today, are expected to report on various matters connected with the operation of the railroad and the management of the company.

reach the outskirts of Bruges. Late dispatches from London said the Belgian forces are marching on Ostende, the former German submarine base. The Allies were last reported at Nieupoort, 8 miles from Ostende.

British forces have taken Courtrai, the great enemy base northeast of Lille and due south of Bruges in Belgium, according to "Petit Journal" in Paris today. General Haig's statement said it was reported at British headquarters that the British were fighting in Courtrai. The newspaper said that the city was taken after violent fighting.

Thourout and Schoorbakke have both been taken by the Belgians, according to Haig's statement.

While this fighting progresses today with the British on the outskirts of Lille a new offensive was launched on a ten mile front between Le Catelet and Bohain at 5:20 this morning. "Satisfactory progress" has been made up to the time of the announcement.

In yesterday's operations between Dixmude and the Lys river the British, Belgians and French registered an advance of 3-3-4 miles on a front of ten miles. The fighting is continuing.

The French today officially reported that contact was maintained throughout the night on the entire front between the Oise and the Ferre rivers. The enemy is putting up a stiff rear guard resistance with machine guns and artillery, dispatches indicated. More than 20 villages were liberated by the Belgians. On their own ground the Belgians are fighting like demons. Rarely has there been more brilliant action seen than in the fighting which is liberating the villages wrested from them by the enemy in 1914. Belgian cavalry today penetrated Thielt.

While the Allied offensive progresses on the entire western front, in the Balkans, Serbia and Albania, the Germans have been forced to renew their fighting.

Today's dispatches carried a report from Constantinople by way of Geneva saying that a revolution favoring the Entente has broken out in the Turkish capital. Germany is said to have rushed a score of the old Russian Black Sea fleet to the aid of Enver Pasha. Yesterday's cables reported the recognition of the Tewfik ministry. A revolution would be the logical sequence. Reorganization of the eastern front is under way.

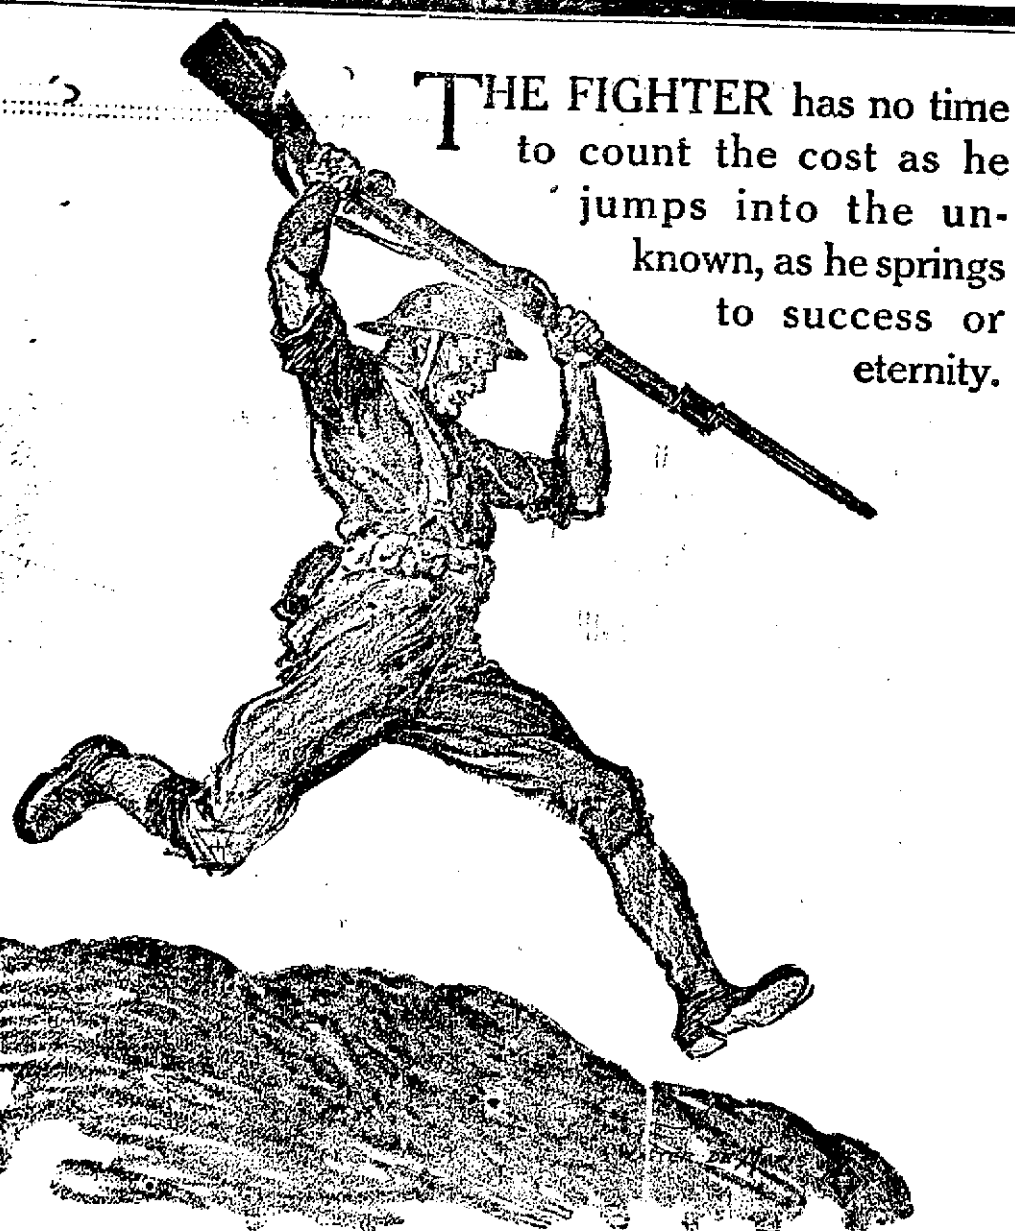

TO THE PATRIOTIC WOMEN OF CLEARFIELD

The prevailing epidemic has seriously handicapped the Drive for the Fourth Liberty Loan. Therefore, an earnest appeal is made to the women of Clearfield to join a Wind-Up Rally of Bond Buying, which shall materially aid in putting the lagging loan over the top. The quota for this District is over five millions of dollars, a splendid sum whose very magnitude should fill our hearts with pride, together with the firm determination to do a Woman's part in putting it across.

We urge the women who have not yet bought bonds to buy at once, and the women who have already bought to buy at least ONE MORE. The slogan for the Men Go-The-Limit Club is BORROW AND BUY, ours should be SACRIFICE AND BUY. Let us who are Women and who have a part in this War immeasurably greater than a man's can ever be, go the limit in self denial and buy all the bonds we conscientiously can. We give our husbands and our sons, dare we withhold our money.

Representatives to receive subscriptions will be at Red Cross headquarters in Murray Building each day from the time this notice appears between the hours of ten o'clock A. M. and nine o'clock P. M. Use either telephone if you cannot call in person and you will be called upon by a solicitor. Lists of all women who answered this public appeal will be published daily. Join the SACRIFICE AND BUY CLUB. Remember the time is short.

RETURNED TO DUTY, Previously Reported Missing

Frederick J. Kingston, Wilkes-Barre.

W. G. Spencer has purchased one of the beautiful brick residences located on Weaver street, from Alfred Graham and will take possession about October 20th.

County Liberty Loan headquarters sure is a busy place in these closing days of the 4th campaign and reports are being tabulated as fast as they are received over two telephones. They tried to get a complete list of the subscriptions to date from the different towns in the county for publication today but this was found to be impossible on account of the closing rush all over the district.

Over in Philipsburg district about every town is over the top with their subscription but Philipsburg. Strange isn't it. However it is not so strange when you know that the same thing is true of DuBois, Clearfield and Curwensville. Funny isn't it? The rural citizen or the patriotic villager seems to be more ready to loan his surplus or savings to Uncle Sam for the boys "over there" than the big town dweller. Why should this be so?

The campaign committee is going to endeavor to get some light on this subject and we may be asked to give you the result of their observations. We'll do it, too, regardless of whose toes are pinched. Watch for the explanation. We will add a little "pep" to it if the committee will allow any trimmings.

County Chairman Callahan returned last night from a swing around the circle through the lower end of the county. He reported every committee over the top with the 4th loan quota but Surveyor and Pottersdale, but says both towns will get in under the wire before the final bell sounds.

In the Curwensville district, Curwensville and Olanita seem to be the only sections where patriotic dollars are slow to move forward in the nation's defense. The local committees are striving hard for a 100 per cent record, and have hopes of succeeding in both places.

Good old Bigler added \$1500 to her sackful since yesterday's report and the end is not yet reached.

The Winburne district reports a healthy condition everywhere but in the metropolis, where "cold feet" threatens some of the dollar hoarders altho hope is held out that a community with so many boys in the trenches will not fail to support them with a final total in excess of their allotted quota.

As far as reported the employees of the Pennsylvania division of the New York Central railroad have purchased \$150,000 worth of 4th Liberty Loan bonds.

The Borough of Burnside went "over the top" with a bang in the Fourth Liberty Loan campaign. Under the able direction of their chairman Carl E. Patchin the men's committee did valiant service, while the women's committee consisting of Mrs. Carl E. Patchin, Miss Lura Stauffer, Mrs. Henning and Miss Jessie Duff also worked wonders.

The committees have raised many more dollars than the borough quota and are still very busy. The Boy Scouts, of which Mr. Patchin is also scout master are now gleaming what the reapers have left, and Mr. Patchin says "look out for my boy scouts for none of them are drones by any means."

At the last report the committees had raised almost \$10,000.

Make Your Soldier Happy Send Him The Progress

We have had so many requests for the special three-month offer that closed on October 1st for The Progress Over-seas Service that we have concluded to re-open the offer for a short time.

The Special Care Gets The Progress There

Wrapped as they are in an extra tough special wrapper and plainly addressed your soldier will be the happy recipient of a bundle of home papers just as regularly as the confusion attendant with the movement of troops will permit.

Let Him Know What We Are Doing

Just think of his joy, coming out of the trenches into rest camp, to find a bundle or two of The Progress, giving all the home news and heartening him with the news of what we are doing in the old town to back him up—that we are going over the top with the Fourth Loan in spite of the epidemic handicap.

The Special Offer

We will send The Progress to your soldier—or sailor—taking all the precaution possible to get the papers through to him—

Three Months for One Dollar

Now— All Together!

NOTHING could stand against the mad dash of the French and American cavalry on the Marne—the German lines gave way, broke, fled; the day was won.

That fighting spirit of the men of Foch and Pershing, that united purpose—for Victory—*must be the spirit, the purpose, of each of us behind the lines.*

We must lend as well as they fight. And we must pull together with all the strength we have—*now!*

We must so order our lives that we can save—to the limit—and lend—to the limit—for Victory. We must put America's whole strength behind our fighting men.

Let us lend the way they fight Now—All Together! Let us buy bonds to our utmost

This Space Contributed to Winning the War by
E. W. HESS

Paris, Aug. 5.—The Americans covered themselves with glory in the hand-to-hand fighting in the streets of Fismes yesterday when they captured that German base. The fighting is said to have been the bitterest of the whole war, the Prussian Guards asking no quarter and being bayoneted or clubbed to death as they stood by their machine guns.

Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 25c, or a large bottle at \$1.00. Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm. It makes the skin clear and healthy. It is a clean, penetrating, antiseptic, and neither sticky nor greasy and stains nothing. It is easily applied and costs a trifle for each application. It is very dependable.

STOCKS RUN WILD ON WAR RUMORS

New York, Oct. 17.—The stock market opened here today with the wildest scenes since the surrender of Bulgaria was announced. In the first fifteen minutes the gains in active issues ran as high as three points. War and international political news was directly responsible for the big demand for stocks. The news was interpreted as an indication of peace through victory in the near future.

RED CROSS LOOKS AFTER ALL MEN WHO ARE MISSING

Mrs. Harry L. Thompson, who received word some time ago that her husband was officially reported as missing in action in France, received the following letter from the Red Cross on Saturday last:

The American Red Cross
National Headquarters
Washington, D. C.

My Dear Mrs. Thompson:
The American Red Cross sends most sincere sympathy to you in your anxiety, and wishes to assure you that when a man is officially reported missing, every avenue of information is used in order to trace him.

This search is begun automatically by the Red Cross as soon as the man's name appears on the list of missing. Men who were in the engagement with him are questioned, to find out if possible from eye witnesses what may have happened to him. Inquiries are made at the hospitals and behind the German lines through the International Red Cross to see if he has been taken prisoner.

Germany is extremely slow in giving out prisoner reports and we must therefore, ask you to be patient as possible in spite of your great anxiety, feeling that nothing is being left undone in order to obtain definite information of him, which will be forwarded to you immediately.

Sincerely yours,
W. R. CASTLE, JR.
Director

We publish this letter for the purpose of acquainting the people generally with the wide-spread activities of this noble organization and to assure the loved ones of any soldier taken prisoner on the battlefield. The American Red Cross searches out every single instance and if your boy is missing you can rest secure in the knowledge that all needless suffering will be spared him through the energetic representatives of this great human agency for the alleviation of suffering.

GEORGE TRUMBLE, SR., DIES AT MORRISDALE

Morrisdale has lost one of its best known citizens in the death at 1:40 Tuesday afternoon, October 15, of George Trumble Sr. He had been ill only since Saturday, death being due to complications and the infirmities of old age. The funeral will be held Friday afternoon with services at the residence at 2 o'clock. Burial will be made at Morrisdale.

George Trumble Sr. was born in Belfast, Ireland, to which place his parents, natives of Scotland, had moved shortly before his birth which was on January 7, 1831. He was, therefore, in his eighty-eighth year. The parents returned to Scotland, and in 1865 George Trumble came to America. After working in various places he located at Morrisdale in 1873, where he has since resided. Mr. Trumble followed mining. He was one of the pioneer coal diggers in the Clearfield-Centre region, first working at Powellton for Robert Harp Powell. He was one of the first property owners in Morrisdale, where he had a beautiful home. For some years he was a member of the Presbyterian church at Windber.

Surviving him are the following children, namely: Georges at home; Margaret, wife of Sol. Roach, of Windber; William, at home; James, of Chester Hill; Robert, at home; Jennie, wife of Andrew Davis, Windber; Samuel, of Cresson; John, at home and Annie, wife of Charles White at home. His wife died in 1890. Twenty-six grandchildren and 15 great grandchildren also survive him.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. It attacks all classes, regardless of age, sex or conditions. A majority of the ill-afflicted people today can be traced back to the kidney trouble.

The kidneys breathe most important organs of the body. They are the filters of the blood, and if they fail, the blood is not purified. If the kidneys are not working properly, the blood is not purified, and the body is not healthy. The kidneys are the filters of the blood, and if they fail, the blood is not purified. If the kidneys are not working properly, the blood is not purified, and the body is not healthy.

Living for so many years in Morrisdale Mr. Trumble became widely known in this region. He was a fine old man, loved and honored by his children and esteemed and respected by the entire community.

NEEDS LOOKING AFTER

The Progress is in receipt of information which states that Cooper township has a citizen who needs to be looked after by the Public Safety committee. This sucker is said to have run his car every Sunday in violation of the gasless Sunday request. He justifies the hog in his hide by saying "he bought the car and buys his own gasoline and pays for it and will run the car when and where he pleases." This bird will likely hear something that will not sound good to him before long.

Your Fall Plowing Will Go Better If You Use A LEROY Plow

With time as a vital point this Fall you cannot afford to "get along" with anything that is not the height of efficiency. These LEROY plows with their moldboards shaped to turn better furrows, the carefully tempered steel points, the handles with just the right "hang" will shorten the time per acre and lower the expense bills.

Special Clevis On Side Hill Plows

The clevis on the side-hill plow is so made that by a simple adjustment you can keep your team walking along on the level instead of turned up the hill as with other plows. You can see where your team will go farther each day with the attendant result of more ground ploughed. You will not be as tired at night as the strain on the handles is lessened by this adjustment.

We have regular land plows, of course. And plenty of points for the man who has a good plow with a broken point.

SERIOUSLY SCALDED

Mrs. Paul McDermott was seriously scalded yesterday morning at her home on the Charles Roessner place below the Third Ward. Mrs. McDermott was dipping boiling water from a large boiler when the fiery liquid accidentally enveloped her and she was quite seriously scalded about the upper left side of her body. She was given prompt medical attention but suffered greatly for a while. She is now recovering nicely.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Mrs. Ruth Kiddle is confined to her home on West Main street suffering from an attack of typhoid fever.

Mrs. Dr. Jenkins left for Harrisburg Tuesday upon receiving word that her son B. J. Jenkins was ill with an attack of grippe bordering on influenza.

Relatives of Mrs. Earl Shaffer, nee Cora Maurer were notified yesterday of the death of Mrs. Shaffer's eldest daughter aged about six years, at the family home in Lumber City. Typhoid fever was the cause of her death. Date of funeral and place of burial could not be learned at this writing.

Brad Gamble, one of the telegraph operators at the P. R. R. station who has been seriously ill at the Park House with pneumonia is able to sit up a portion of the day now and will soon be able to resume his duties again.

The funeral of Milford Bloom, who died from pneumonia Tuesday morning, was held from his late home on South Side yesterday afternoon and was attended by a large concourse of relatives and friends who followed his remains to their last earthly resting place in Bloomington cemetery.

James Irvin, of Chestnut Ridge, the onion king, was around with a wagon load of onions the other day. His crop this year exceeded several hundred bushels and they were as large as any Bermuda onions that are sold in the market. He was not long in disposing of his load which readily brought \$6 per bushel.

Watch Curwensville's patriotic smoke in the sale of Liberty bonds. She is going over the top this time sure. There are men in this town who could more than double their present subscriptions and not miss the money in the least. Workingmen are not hesitating in taking every dollar's worth of bonds their limited means permit and their example should be followed by those who are financially able to take double what they are now holding. Every one of the committee on solicitation are working hard and their work is showing.

Merritt Caldwell has sold a dwelling house situate on Susquehanna avenue to J. W. Smith.

Ira Shaffer has received word from his son in law R. R. Peters notifying him that his whole family are down with the Spanish influenza. There are five children in the family and with the father and mother, make a family of seven all down with the disease.

Harry Shaffer, son of Ira Shaffer who has been in Clearfield hospital for two weeks left yesterday for his home in DuBois.

James G. Hill died at the home of his daughter Mrs. Ormer Turner, at Blandburg, Pa., on Tuesday, October 15, at 11:30 o'clock a. m. Deceased was born in England in 1836 and came to this country in the early fifties. He was connected with the woolen mill industry in this neighborhood, and at the breaking out of the war enlisted in Company K 42d regiment (Old Bucktails) P. V. After his discharge from the army, he located in Curwensville where he spent twenty years of his life. He was married to a Miss Porter, who preceded him to the grave some years ago. He remarried and his second wife died some three years ago. He lived at Blandburg for several years, but lately has made his home with his daughter in whose home he died. He was a charter member of Blandburg Lodge 821 I. O. O. F. of this place and also a member of John Kratzer Post 184 G. A. R. He is survived by three daughters and two sons, namely: Mrs. Ormer Turner, Blandburg, Pa.; Mrs. J. A. Boyd, Blandburg, Pa.; Miss Dorothy Hill, Claude K., of Miss Dorothy Wash., and Thomas G., of a Spokane, Wash., and Thomas G., of a Spokane, Wash. The body will be

RED CROSS PROPERTY BAGS FOR OVERSEA HOSPITALS

A call comes from France and England to the Red Cross for “Property Bags” to serve all our Hospitals abroad. These Bags are not only a comfort but have become a necessity to our Boys.

The Bags are to be made as heretofore from pieces of any bright colored, washable material such as cretonne, etc., and should be about 12 inches wide by 18 inches long. They should have a draw string one inch from the top.

Clearfield Chapter, its Branches and Auxiliaries, is asked to make 500 of these Bags, and it is necessary that they be delivered to Chapter Headquarters on or before Saturday November 23rd.

It is expected that the material for these bags will be donated by generous householders and that they will be furnished without expense to the Chapter. Clearfield Pennsylvania Chapter.

SEVERAL NEW CASES OF FLU YESTERDAY

The local situation continues well in hand and our physicians hope for its remaining satisfactory throughout the outbreak.

There are between 60 and 100 cases in the town, but fortunately all are of a mild type, as was the pneumonia which followed in at least five or six cases. We have had no deaths from the scourge which is indeed a satisfying condition.

As we said before "eternal vigilance" should remain the watchword. Better be safe than sorry. Obey the health board's regulations without murmur, the worst appears to be over and we can now hope to escape a serious epidemic.

There was no material change in the influenza situation in DuBois yesterday, it being estimated that there were about 100 new cases. It is the opinion of the authorities who are in close touch with the situation that the epidemic is now on the wane, although they state that it is only by taking the greatest precautions that the situation can be handled and the epidemic stamped out. No deaths were recorded yesterday from influenza.

Punkutawney has 12 cases in their emergency hospital and about 90 cases now prevail there.

Reynoldsville had one death in the emergency hospital yesterday and a few additional cases were reported. The total of deaths from the disease here has now reached 12.

At Wishaw physicians say they have the disease licked. There was one death Wednesday and about 20 cases pending. The total of deaths reached very close to 60.

At Adrian, near Punkutawney the flu deaths thus far total 7.

Brookville is now in a fair way to conquer the disease, but has had 20 deaths from it.

Knoxville, another Jefferson county village, reports six deaths; Ramseytown, three deaths in past three days, a large number of new cases and about 150 cases in the village; Wadsworth has 30 cases but has had no deaths.

Dr. John W. Gordon, County Medical Inspector, was sent to Oseola yesterday by the State Health Board to look into conditions over there. He found a great deal of sickness, there being close to two hundred cases in the town. Here, too, the disease appears to be milder than the general run of influenza and no fatalities have thus far resulted.

BURNSIDE MINER WANTS DAMAGES FOR STRANGE HURT

Reuben Morley, of Burnside, through his attorneys Liveright & Krebs, entered suit in the Prothonotary's office yesterday against the Pennsylvania Railroad company.

In this suit Morley seeks to recover \$5,000 damages for personal injuries received in a peculiar happening. Morley is a coal miner and was working at a mine near McGees Mills. In going to and from their work the miners were accustomed to use a path paralleling the railroad tracks. On May 13, 1918 while walking this path a locomotive passed and as it did so the fireman found a fifteen pound chunk of "bony" in his coal and hurled it off the tender. The "bony" struck the passing miner on the head and fractured his skull. His injuries were so severe that he was brought to the Clearfield hospital for treatment and remained under the doctor's care for some fifteen weeks.

As a result of his experience Morley claims he was forced to make an outlay of \$250 for medical treatment, his earning power suffered by reason of permanent injury due to the happening and he asks the courts to direct the railroad company to reimburse him to the extent of \$5,000 therefor.

LET CLEARFIELD SET THE PACE BY LIFTING HERSELF OUT OF THE "SLACKER TOWN" CLASS ON THE FOURTH LIBERTY LOAN.

GERMAN FLANDERS FRONT COLLAPSED COMPLETELY

BRITISH NAVAL FORCES NOW OCCUPY OSTENDE GREAT GERMAN NAVAL BASE

COURTRAI AND THIELT FALL BEFORE ONSLAUGHTS OF BRAVE BELGIANS FIGHTING FOR THEIR OWN LAND

HUNS HAD AFFECTED WITHDRAWAL

LILLE AMONG TOWNS EVACUATED

The German front in Flanders has collapsed. Ostende, Lille, Courtrai, and Thielt have been occupied and a complete withdrawal is reported to have been effected in Belgium.

The British naval forces landed in Ostende, the former German naval base, at 12:45 this afternoon after aviators had reported the city clear of the enemy.

British troops previously had taken Lille and Courtrai while the Belgian cavalry was reported to have entered Thielt.

The Berlin war office this afternoon admitted a big "withdrawal" in Belgium.

Germany's second defense line in Belgium has been completely smashed and the breach has been widened, according to battle front dispatches received in Paris at 12:56 p. m.

Lille has been taken by the British, battle front dispatches filed today stated. A greater part of it has been occupied by Haig's troops.

The advance today makes a total advance of nine miles into the German line. While the Allied forces were winning on the western front and in the Balkans President took occasion today to warn that Germany was only bent, not broken. A strong appeal for subscriptions to the fourth Liberty Loan was made by Secretary of State Lansing who declared that this is no time to slow up. With further pressure he said Germany will go to the wall.

American troops are playing a large part in the great offensive. Not only are they cooperating with the British and French in the north and with the British in the new offensive on a ten mile front between La Catelet and Bohain, launched today by General Haig, but they are forcing the enemy rapidly out of the Kriemhilde defense line.

Other dispatches from Fred Ferguson said that they had made gains north of Grand Pre, clearing the enemy from Loges and other important positions. The breakthrough in Belgium was probably in the region of Thielt where the Belgian cavalry penetrated early today.

Reports this afternoon indicated the most spectacular retreat of any yet made by the enemy on the western front. An advance of 9 miles in that vicinity would carry the Belgians to within six miles of Ghent. If on the other hand the advance is made on the north the Allies would

THE Y. M. C. A. DIRECTORS EMPLOY NEW SECRETARY

The directors of the Y. M. C. A. have employed Charles E. Graffius to fill the position of secretary and physical director of the association.

Mr. Graffius is a graduate of the Y. M. C. A. training school at Silver Bay, N. Y., and has had twelve years experience in army and city Y. M. C. A. work. He has returned from Fort Oglethorpe, Ga., where he was a member of the second officers' training school and was given an officers' commission as a first lieutenant but was rejected in the final physical examination by the army doctors on account of weak eyes contracted in the line of duty during his service in the regular United States army while serving four years in the Philippine Islands and Alaska.

For the past year Mr. Graffius has filled the position of physical director at Camp Greenleaf, Ga., in the army Y. M. C. A. work. As soon as the city Y. M. C. A. is opened up for activities he will start the gymnasium classes and give the boys and men of Clearfield the benefit of his seven years' training in the U. S. A. The gymnasium class schedule will appear in the paper.

STRAIGHT TALK

At first thought the caption over this editorial was to be "Slacker Towns," and while this is exactly the correct term to apply, the fact that this publication goes into so many outside towns has had its influence on the change of title.

Clearfield and a majority of the towns and centers of population of Clearfield County have failed to make their Fourth Liberty Loan Quota and have very little time to remove the stigma from their name. The situation calls for "straight talk" and we do not intend to apologize to anyone for calling these towns "slacker towns".

If your town is among those listed, be thoroughly ashamed of yourself. You know that you have not done your full part. Yes, perhaps you have gone the limit yourself, but what have you done towards seeing that the other fellow has done his part? You must shoulder your share of the blame. It is not the fault of your mayor, your burgess and it cannot be blamed on the electric light company, the water company or any other agency which usually acts as the buffer on all civic ills and complaints.

Yes, be ashamed of yourself, not with the shame that prompts you to go into hiding, but rather with the shame that stirs you to activity and prompts you in your remorse to acknowledge your failure and set about to make restitution for your shortcoming in pushing the campaign.

One day remains to put your town "over the top". You must put some "paign" into your campaign. Work day and night. There are more men in your community who can join the Go-The-Limit Club. And there are many men and women in your community who have not bought bonds at all. Search them out as you would any slacker of public duty.

A number of your men with General Pershing, on being advised that the Fourth Liberty

THE UNSPEAKABLE THING—THE HUN

We all agree with President Wilson that there must be no trucking with that Unspeakable Thing—the Hun, but what about the slacker—that Unspeakable Thing right here at our door. The Hun is the result of two generations of autocracy, but the slacker who is here with us enjoying all the comforts of a free Government is infinitely worse, and by "slacker" is meant the person who is able to buy and won't. Wages were never better and men were never more generally employed and if the Fourth Liberty Loan in Clearfield District is not to go down in history as a complete failure, these slackers must be rounded up. Every man who can buy a bond must regard it as a patriotic duty to do so, and when he buys a bond he should wear his button—one goes with the other. It is the business of every bond buyer to wear his button and to see why his neighbor is not wearing his button. There should be no trucking with our people who call themselves Americans, but yet are unwilling to stand behind their Government at this time. They are almost as dangerous as the Hun and should be brought to an accounting.

Buy your bond and wear your button and see that your neighbor bears his share of the burden. We have two days yet in which to secure the honor of our District.

STRAIGHT TALK

(Continued From Page One)

Loan was going slowly over here, sent back the word: "If the home folks won't take all the loan we will make up the balance."

Think of it. These boys, your boys, already giving up their lives and suffering wounds and hellish gases, willing to loan part of their meagre pay to their government while you are gloating over your exemption from military service.

Will you permit such a disgraceful thing as this to happen? If so, where in God's name is your sense of pride and justice?

We are not going to say that we believe you are going to raise your quota. This is no time for honeyed words. Acts, not words, count. We shall see when the Fourth Liberty Loan books are balanced who are then the "slacker towns," and whoever they may be, their names are going to be placed right here on this spot in The Progress.

FARM BUREAU IN PORK RAISING CAMPAIGN

Farmers Recognize That Pigs Are Easily Cared For And Will Add Much To Food Supply

KEARNEY ISSUES A BULLETIN

War conditions have created an enormous demand for meat. In order to meet this demand the farm bureau has included some definite work in economical pork production on its program for 1918. The U. S. department of agriculture has asked Pennsylvania for a 5 per cent. increase in pork production for the coming year. Clearfield county's quota of this increase is 1,000 hogs or an increase of 150 brood sows. A careful study of Clearfield county's agriculture has shown an increase in pork production during the past year. Demonstrations arranged in cooperation with a number of our hog raisers has shown that at least one-half of the grain bill can be saved by providing green feed throughout the growing season. Feeding experiments at the Pennsylvania State College have shown conclusively the advisability of using green forage. By the use of forage crops the State College experiments record a saving of \$3.50 to \$4.50 in the grain feed cost of producing 100 lbs. of pork. The demand for meat is urgent, and since it has been demonstrated that pork can be produced with a profit the farm bureau asks further cooperation of Clearfield county farmers in an economical pork production campaign for the coming year.

Why an Increase is Asked

There has been a big demand for shipment broad in addition to the needs of the population at home. The U. S. food administration has furnished figures showing that the shipments of meat and fats to allied destinations were for the fiscal year 1918-19 \$2,166,500,000 lbs., and for the fiscal year 1917-18 \$3,011,100,000 lbs. This is an increase of 844,600,000 lbs. in one year. With greater shipping facilities in sight allied shipments should continue to increase for the coming year.

Pig an Efficient Meat Making Machine

The pig will convert raw food products of pasture, grain, dairy by-products and slops into meat at a lower figure than any other meat making animal. The pig consumes more feed in proportion to its live weight, uses less feed in producing a pound of meat and yields a larger percentage of dressed carcass to live weight than either sheep or cattle.

Keep an Extra Brood Sow

Farmers that have been keeping one or more brood sows can well afford to increase this number at least one brood sow for the year 1918-19. Extra brood sows can be selected from late fall pigs of last year or from an early spring litter of the season. Only sows of desirable type should be kept. Straight, squarely placed legs, a strong bone, a well arched back, a long deep side, a full deep ham. These are the main points to be considered in selecting a sow for breeding purposes. A sow of this description will usually produce a good litter if mated to a purebred boar that is at least as good or superior to the females in the points enumerated. A marked improvement in the type of pigs will be in evidence if careful selection and mating is practiced.

VENERABLE ASSESSOR MAKES FIRST RETURN

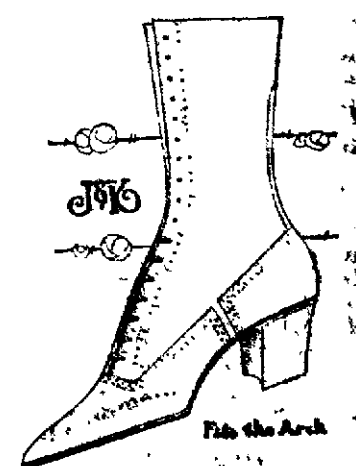

G. W. Gallaher, assessor and tax collector of New Washington borough, made his return to the commissioners' office today and met many county seat friends in town. Mr. Gallaher is one of the best known men in this section of the county despite the fact that he has passed the 87th milestone on life's journey as is hale and hearty as many men twenty years his junior. He was the first assessor to make his return this year and his records were found to be A. No. 1 in every respect.

Agricultural expert representing all parts of the United States and several of the Provinces of Canada are expected at Lancaster City today for the opening of the nineteenth annual meeting of the International Farm Congress.

Stockholders of the Northern Pacific Railroad Company at their annual meeting to be held in New York City today, are expected to report on various matters connected with the operation of the railroad and the management of the company.

Shoes must be stylish, but you cannot buy shoes for style alone. They must be bought carefully, critically. Economy and comfort must both be considered.

These high shoes with soft, pliable leathers and military heels we are showing are comfortable enough to wear all the time, and stylish enough for any occasion.

They're economical shoes, too, for "quality" in the leathers is pre-eminent—quality means service, which after all, is the true test of economy.

reach the outskirts of Bruges. Late dispatches from London said the Belgian forces are marching on Ostende, the former German submarine base. The Allies were last reported at Nieupoort, 8 miles from Ostende.

British forces have taken Courtrai, the great enemy base northeast of Lille and due south of Bruges in Belgium, according to "Petit Journal" in Paris today. General Haig's statement said it was reported at British headquarters that the British were fighting in Courtrai. The newspaper said that the city was taken after violent fighting.

Thourout and Schoorbakke have both been taken by the Belgians, according to Haig's statement.

While this fighting progresses today with the British on the outskirts of Lille a new offensive was launched on a ten mile front between Le Catelet and Bohain at 5:20 this morning. "Satisfactory progress" has been made up to the time of the announcement.

In yesterday's operations between Dixmude and the Lys river the British, Belgians and French registered an advance of 3 3-4 miles on a front of ten miles. The fighting is continuing.

The French today officially reported that contact was maintained throughout the night on the entire front between the Oise and the Ferre rivers. The enemy is putting up a stiff rear guard resistance with machine guns and artillery, dispatches indicated. More than 20 villages were liberated by the Belgians. On their own ground the Belgians are fighting like demons. Rarely has there been more brilliant action seen than in the fighting which is liberating the villages wrested from them by the enemy in 1914. Belgian cavalry today penetrated Thielt.

While the Allied offensive progresses on the entire western front, in the Balkans, Serbia and Albania, the Germans have been forced to renew their fighting.

Today's dispatches carried a report from Constantinople by way of Geneva saying that a revolution favoring the Entente has broken out in the Turkish capital. Germany is said to have rushed a score of the old Russian Black Sea fleet to the aid of Enver Pasha. Yesterday's cables reported the recognition of the Tewfik ministry. A revolution would be the logical sequence. Reorganization of the eastern front is under way.

TO THE PATRIOTIC WOMEN OF CLEARFIELD

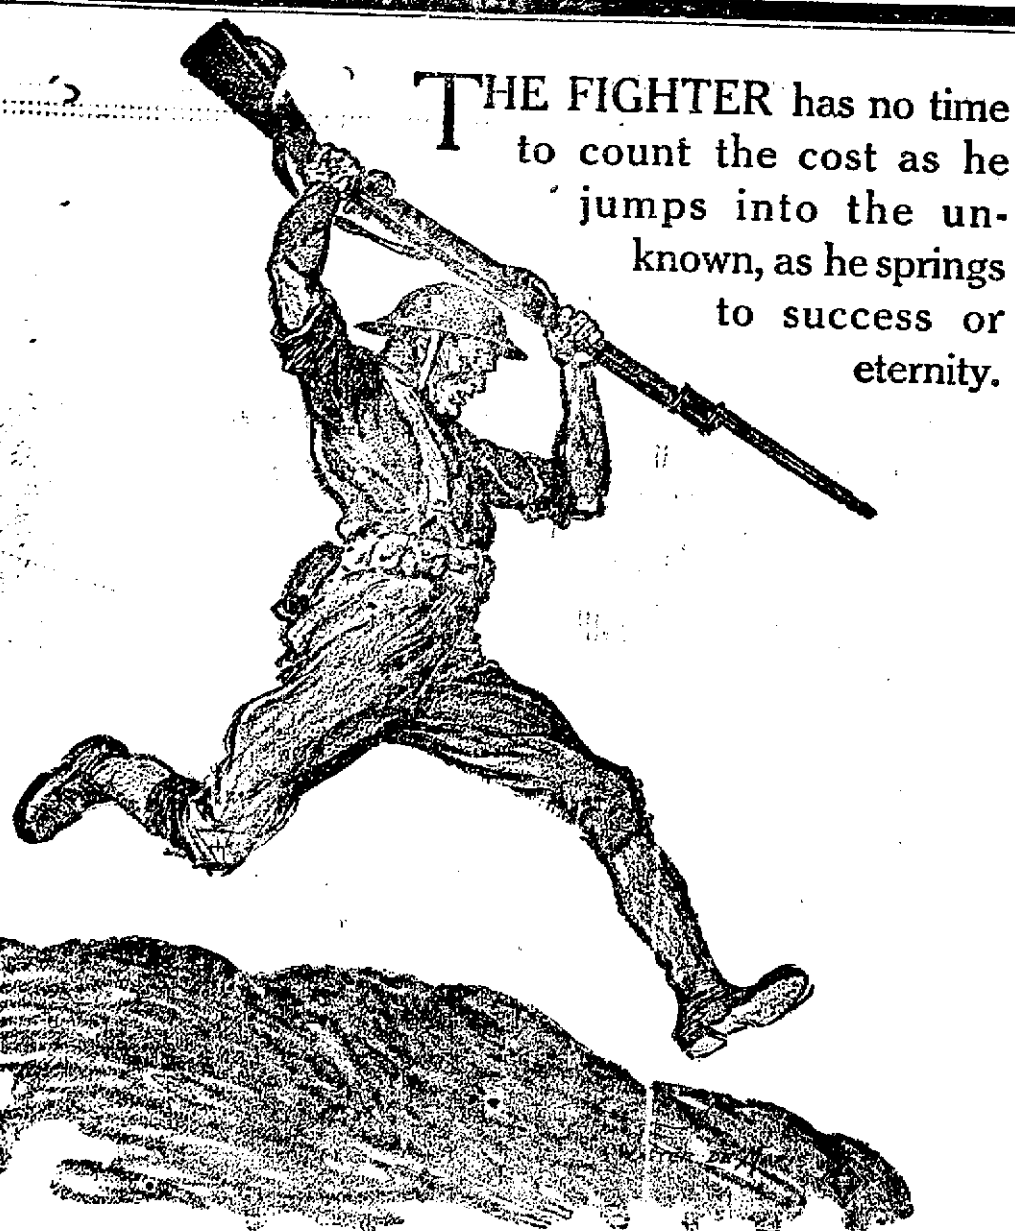

The prevailing epidemic has seriously handicapped the Drive for the Fourth Liberty Loan. Therefore, an earnest appeal is made to the women of Clearfield to join a Wind-Up Rally of Bond Buying, which shall materially aid in putting the lagging loan over the top. The quota for this District is over five millions of dollars, a splendid sum whose very magnitude should fill our hearts with pride, together with the firm determination to do a Woman's part in putting it across.

We urge the women who have not yet bought bonds to buy at once, and the women who have already bought to buy at least ONE MORE. The slogan for the Men Go-The-Limit Club is BORROW AND BUY, ours should be SACRIFICE AND BUY. Let us who are Women and who have a part in this War immeasurably greater than a man's can ever be, go the limit in self denial and buy all the bonds we conscientiously can. We give our husbands and our sons, dare we withhold our money.

Representatives to receive subscriptions will be at Red Cross headquarters in Murray Building each day from the time this notice appears between the hours of ten o'clock A. M. and nine o'clock P. M. Use either telephone if you cannot call in person and you will be called upon by a solicitor. Lists of all women who answered this public appeal will be published daily. Join the SACRIFICE AND BUY CLUB. Remember the time is short.

JENNIE B. HARTSWICK,

City Chairman of Woman's Liberty Loan Committee.

RETURNED TO DUTY, Previously Reported Missing

Frederick J. Kingston, Wilkes-Barre.

W. G. Spencer has purchased one of the beautiful brick residences located on Weaver street, from Alfred Graham and will take possession about October 20th.

County Liberty Loan headquarters sure is a busy place in these closing days of the 4th campaign and reports are being tabulated as fast as they are received over two telephones. They tried to get a complete list of the subscriptions to date from the different towns in the county for publication today but this was found to be impossible on account of the closing rush all over the district.

Over in Philipsburg district about every town is over the top with their subscription but Philipsburg. Strange isn't it. However it is not so strange when you know that the same thing is true of DuBois, Clearfield and Curwensville. Funny isn't it? The rural citizen or the patriotic villager seems to be more ready to loan his surplus or savings to Uncle Sam for the boys "over there" than the big town dweller. Why should this be so?

The campaign committee is going to endeavor to get some light on this subject and we may be asked to give you the result of their observations. We'll do it, too, regardless of whose toes are pinched. Watch for the explanation. We will add a little "pep" to it if the committee will allow any trimmings.

County Chairman Callahan returned last night from a swing around the circle through the lower end of the county. He reported every committee over the top with the 4th loan quota but Surveyor and Pottersdale, but says both towns will get in under the wire before the final bell sounds.

In the Curwensville district, Curwensville and Olanita seem to be the only sections where patriotic dollars are slow to move forward in the nation's defense. The local committees are striving hard for a 100 per cent record, and have hopes of succeeding in both places.

Good old Bigler added \$1500 to her sackful since yesterday's report and the end is not yet reached.

The Winburne district reports a healthy condition everywhere but in the metropolis, where "cold feet" threatens some of the dollar hoarders altho hope is held out that a community with so many boys in the trenches will not fail to support them with a final total in excess of their allotted quota.

As far as reported the employees of the Pennsylvania division of the New York Central railroad have purchased \$150,000 worth of 4th Liberty Loan bonds.

The Borough of Burnside went "over the top" with a bang in the Fourth Liberty Loan campaign. Under the able direction of their chairman Carl E. Patchin the men's committee did valiant service, while the women's committee consisting of Mrs. Carl E. Patchin, Miss Lura Stauffer, Mrs. Henning and Miss Jessie Duff also worked wonders.

The committees have raised many more dollars than the borough quota and are still very busy. The Boy Scouts, of which Mr. Patchin is also scout master are now gleaming what the reapers have left, and Mr. Patchin says "look out for my boy scouts for none of them are drones by any means."

At the last report the committees had raised almost \$10,000.

Make Your Soldier Happy Send Him The Progress

We have had so many requests for the special three-month offer that closed on October 1st for The Progress Over-seas Service that we have concluded to re-open the offer for a short time.

The Special Care Gets The Progress There

Wrapped as they are in an extra tough special wrapper and plainly addressed your soldier will be the happy recipient of a bundle of home papers just as regularly as the confusion attendant with the movement of troops will permit.

Let Him Know What We Are Doing

Just think of his joy, coming out of the trenches into rest camp, to find a bundle or two of The Progress, giving all the home news and heartening him with the news of what we are doing in the old town to back him up—that we are going over the top with the Fourth Loan in spite of the epidemic handicap.

The Special Offer

We will send The Progress to your soldier—or sailor—taking all the precaution possible to get the papers through to him—

Now— All Together!

NOTHING could stand against the mad dash of the French and American cavalry on the Marne—the German lines gave way, broke, fled; the day was won.

That fighting spirit of the men of Foch and Pershing, that united purpose—for Victory—*must be the spirit, the purpose, of each of us behind the lines.*

We must lend as well as they fight. And we must pull together with all the strength we have—*now!*

We must so order our lives that we can save—to the limit—and lend—to the limit—for Victory. We must put America's whole strength behind our fighting men.

Let us lend the way they fight Now—All Together! Let us buy bonds to our utmost

Paris, Aug. 5.—The Americans covered themselves with glory in the hand-to-hand fighting in the streets of Fismes yesterday when they captured that German base. The fighting is said to have been the bitterest of the whole war, the Prussian Guards asking no quarter and being bayoneted or clubbed to death as they stood by their machine guns.

Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 25c, or a large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm. It makes the skin clear and healthy. It is a clean, penetrating, antiseptic, and neither sticky nor greasy and stains nothing. It is easily applied and costs a trifle for each application. It is very dependable.

STOCKS RUN WILD ON WAR RUMORS

New York, Oct. 17.—The stock market opened here today with the wildest scenes since the surrender of Bulgaria was announced. In the first fifteen minutes the gains in active issues ran as high as three points. War and international political news was directly responsible for the big demand for stocks. The news was interpreted as an indication of peace through victory in the near future.

RED CROSS LOOKS AFTER ALL MEN WHO ARE MISSING

Mrs. Harry L. Thompson, who received word some time ago that her husband was officially reported as missing in action in France, received the following letter from the Red Cross on Saturday last:

The American Red Cross
National Headquarters
Washington, D. C.

My Dear Mrs. Thompson:
The American Red Cross sends most sincere sympathy to you in your anxiety, and wishes to assure you that when a man is officially reported missing, every avenue of information is used in order to trace him.

This search is begun automatically by the Red Cross as soon as the man's name appears on the list of missing. Men who were in the engagement with him are questioned, to find out if possible from eye witnesses what may have happened to him. Inquiries are made at the hospitals and behind the German lines through the International Red Cross to see if he has been taken prisoner.

Germany is extremely slow in giving out prisoner reports and we must therefore, ask you to be patient as possible in spite of your great anxiety, feeling that nothing is being left undone in order to obtain definite information of him, which will be forwarded to you immediately.

Sincerely yours,
W. R. CASTLE, JR.
Director

We publish this letter for the purpose of acquainting the people generally with the wide-spread activities of this noble organization and to assure the loved ones of any soldier taken prisoner on the battlefield. The American Red Cross searches out every single instance and if your boy is missing you can rest secure in the knowledge that all needless suffering will be spared him through the energetic representatives of this great human agency for the alleviation of suffering.

GEORGE TRUMBLE, SR., DIES AT MORRISDALE

Morrisdale has lost one of its best known citizens in the death at 1:40 Tuesday afternoon, October 15, of George Trumble Sr. He had been ill only since Saturday, death being due to complications and the infirmities of old age. The funeral will be held Friday afternoon with services at the residence at 2 o'clock. Burial will be made at Morrisdale.

George Trumble Sr. was born in Belfast, Ireland, to which place his parents, natives of Scotland, had moved shortly before his birth which was on January 7, 1831. He was, therefore, in his eighty-eighth year. The parents returned to Scotland, and in 1865 George Trumble came to America. After working in various places he located at Morrisdale in 1873, where he has since resided. Mr. Trumble followed mining. He was one of the pioneer coal diggers in the Clearfield-Centre region, first working at Powellton for Robert Hare Powell. He was one of the first property owners in Morrisdale, where he had a beautiful home. For some years he was a member of the Presbyterian church at Windber.

Surviving him are the following children, namely: Georges at home; Margaret, wife of Sol. Roach, of Windber; William, at home; James, of Chester Hill; Robert, at home; Jennie, wife of Andrew Davis, Windber; Samuel, of Cresson; John, at home and Annie, wife of Charles White at home. His wife died in 1890. Twenty-six grandchildren and 15 great grandchildren also survive him.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. It attacks all classes, regardless of age, sex or conditions. A majority of the ill-afflicted people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters of the blood, and if they fail, the blood is not purified. If the kidneys are not kept in good condition, the blood will be impure and the body will suffer. The kidneys are the most important organs of the body. They are the filters of the blood, and if they fail, the blood is not purified. If the kidneys are not kept in good condition, the blood will be impure and the body will suffer.

Living for so many years in Morrisdale Mr. Trumble became widely known in this region. He was a fine old man, loved and honored by his children and esteemed and respected by the entire community.

NEEDS LOOKING AFTER

The Progress is in receipt of information which states that Cooper township has a citizen who needs to be looked after by the Public Safety committee. This sucker is said to have run his car every Sunday in violation of the gasless Sunday request. He justifies the hog in his hide by saying "he bought the car and buys his own gasoline and pays for it and will run the car when and where he pleases." This bird will likely hear something that will not sound good to him before long.

Your Fall Plowing Will Go Better If You Use A LEROY Plow

With time as a vital point this Fall you cannot afford to "get along" with anything that is not the height of efficiency. These LEROY plows with their moldboards shaped to turn better furrows, the carefully tempered steel points, the handles with just the right "hang" will shorten the time per acre and lower the expense bills.

Special Clevis On Side Hill Plows

The clevis on the side-hill plow is so made that by a simple adjustment you can keep your team walking along on the level instead of turned up the hill as with other plows. You can see where your team will go farther each day with the attendant result of more ground ploughed. You will not be as tired at night as the strain on the handles is lessened by this adjustment.

We have regular land plows, of course. And plenty of points for the man who has a good plow with a broken point.

SERIOUSLY SCALDED

Mrs. Paul McDermott was seriously scalded yesterday morning at her home on the Charles Roessner place below the Third Ward. Mrs. McDermott was dipping boiling water from a large boiler when the fiery liquid accidentally enveloped her and she was quite seriously scalded about the upper left side of her body. She was given prompt medical attention but suffered greatly for a while. She is now recovering nicely.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Mrs. Ruth Kiddle is confined to her home on West Main street suffering from an attack of typhoid fever.

Mrs. Dr. Jenkins left for Harrisburg Tuesday upon receiving word that her son B. J. Jenkins was ill with an attack of grippe bordering on influenza.

Relatives of Mrs. Earl Shaffer, nee Cora Maurer were notified yesterday of the death of Mrs. Shaffer's eldest daughter aged about six years, at the family home in Lumber City. Typhoid fever was the cause of her death. Date of funeral and place of burial could not be learned at this writing.

Brad Gamble, one of the telegraph operators at the P. R. R. station who has been seriously ill at the Park House with pneumonia is able to sit up a portion of the day now and will soon be able to resume his duties again.

The funeral of Milford Bloom, who died from pneumonia Tuesday morning, was held from his late home on South Side yesterday afternoon and was attended by a large concourse of relatives and friends who followed his remains to their last earthly resting place in Bloomington cemetery.

James Irvin, of Chestnut Ridge, the onion king, was around with a wagon load of onions the other day. His crop this year exceeded several hundred bushels and they were as large as any Bermuda onions that are sold in the market. He was not long in disposing of his load which readily brought \$6 per bushel.

Watch Curwensville's patriotic smoke in the sale of Liberty bonds. She is going over the top this time sure. There are men in this town who could more than double their present subscriptions and not miss the money in the least. Workingmen are not hesitating in taking every dollar's worth of bonds their limited means permit and their example should be followed by those who are financially able to take double what they are now holding. Every one of the committee on solicitation are working hard and their work is showing.

James G. Hill died at the home of his daughter Mrs. Ormer Turner, at Blandburg, Pa., on Tuesday, October 15, at 11:30 o'clock a. m. Deceased was born in England in 1836 and came to this country in the early fifties. He was connected with the woolen mill industry in this neighborhood, and at the breaking out of the war enlisted in Company K 42d regiment (Old Bucktails) P. V. After his discharge from the army, he located in Curwensville where he spent twenty years of his life. He was married to a Miss Porter, who preceded him to the grave some years ago. He remarried and his second wife died some three years ago. He lived at Blandburg for several years, but lately has made his home with the daughter in whose home he died. He was a charter member of Blandburg Lodge 821 I. O. O. F. of this place and also a member of John Kratzer Post 184 G. A. R. He is survived by three daughters and two sons, namely: Mrs. Ormer Turner, Blandburg, Pa.; Mrs. J. A. Boyd, Blandburg, Pa.; Miss Dorothy Hill, Claude K., of Miss Dorothy Wash., and Thomas G., of a Spokane, Wash., and Thomas G., of a Spokane, Wash. The body will arrive.

RED CROSS PROPERTY BAGS FOR OVERSEA HOSPITALS

A call comes from France and England to the Red Cross for “Property Bags” to serve all our Hospitals abroad. These Bags are not only a comfort but have become a necessity to our Boys.

The Bags are to be made as heretofore from pieces of any bright colored, washable material such as cretonne, etc., and should be about 12 inches wide by 18 inches long. They should have a draw string one inch from the top.

Clearfield Chapter, its Branches and Auxiliaries, is asked to make 500 of these Bags, and it is necessary that they be delivered to Chapter Headquarters on or before Saturday November 23rd.

It is expected that the material for these bags will be donated by generous householders and that they will be furnished without expense to the Chapter. Clearfield Pennsylvania Chapter.

SEVERAL NEW CASES OF FLU YESTERDAY

The local situation continues well in hand and our physicians hope for its remaining satisfactory throughout the outbreak.

There are between 60 and 100 cases in the town, but fortunately all are of a mild type, as was the pneumonia which followed in at least five or six cases. We have had no deaths from the scourge which is indeed a satisfying condition.

As we said before "eternal vigilance" should remain the watchword. Better be safe than sorry. Obey the health board's regulations without murmur, the worst appears to be over and we can now hope to escape a serious epidemic.

There was no material change in the influenza situation in DuBois yesterday, it being estimated that there were about 100 new cases. It is the opinion of the authorities who are in close touch with the situation that the epidemic is now on the wane, although they state that it is only by taking the greatest precautions that the situation can be handled and the epidemic stamped out. No deaths were recorded yesterday from influenza.

Punkutawney has 12 cases in their emergency hospital and about 90 cases now prevail there.

Reynoldsville had one death in the emergency hospital yesterday and a few additional cases were reported. The total of deaths from the disease here has now reached 12.

At Wishaw physicians say they have the disease licked. There was one death Wednesday and about 20 cases pending. The total of deaths reached very close to 60.

At Adrian, near Punkutawney the flu deaths thus far total 7.

Brookville is now in a fair way to conquer the disease, but has had 20 deaths from it.

Knoxdale, another Jefferson county village, reports six deaths; Ramseytown, three deaths in past three days, a large number of new cases and about 150 cases in the village; Wadsworth has 30 cases but has had no deaths.

Dr. John W. Gordon, County Medical Inspector, was sent to Oseola yesterday by the State Health Board to look into conditions over there. He found a great deal of sickness, there being close to two hundred cases in the town. Here, too, the disease appears to be milder than the general run of influenza and no fatalities have thus far resulted.

BURNSIDE MINER WANTS DAMAGES FOR STRANGE HURT

Reuben Morley, of Burnside, through his attorneys Liveright & Krebs, entered suit in the Prothonotary's office yesterday against the Pennsylvania Railroad company.

In this suit Morley seeks to recover \$5,000 damages for personal injuries received in a peculiar happening. Morley is a coal miner and was working at a mine near McGees Mills. In going to and from their work the miners were accustomed to use a path paralleling the railroad tracks. On May 13, 1918 while walking this path a locomotive passed and as it did so the fireman found a fifteen pound chunk of "bony" in his coal and hurled it off the tender. The "bony" struck the passing miner on the head and fractured his skull. His injuries were so severe that he was brought to the Clearfield hospital for treatment and remained under the doctor's care for some fifteen weeks.

As a result of his experience Morley claims he was forced to make an outlay of \$250 for medical treatment, his earning power suffered by reason of permanent injury due to the happening and he asks the courts to direct the railroad company to reimburse him to the extent of \$5,000 therefor.

Phillipsburg has secured the Elks club rooms for an emergency hospital. Many new cases were reported there. South Phillipsburg there have already been several deaths, while the same is true of Chester Hill, the Clearfield county town immediately adjoining. The disease is also rapidly spreading through Decatur township.
